

Change Log Table — Grade Finalization Process Package

Version: 1.0 **Published:** 2026-03-26 **DRI:** Jason Geanuracos, Process Documentation Lead **Applies to:** All artifacts in the Grade Finalization Process Package (M06KB-process-package)

This table is the governance-facing version summary for the process package. It consolidates all major versions from CHANGELOG.md into a structured format for review and audit purposes. For full detail on any version, see CHANGELOG.md .

Version	Date	Author	Summary	Reason	Type
1.0.0	2026-02-11	Jason Geanuracos	Initial package creation — Mermaid flowchart, prompt log, glossary (roles and systems)	M05 CLI module deliverable; establish baseline process documentation	New Feature
1.1.0	2026-02-13	Jason Geanuracos	Regenerated BPMN and Mermaid rendered diagrams; expanded README with project overview and diagram regeneration instructions	Rendered diagrams needed for submission; README lacked navigation guidance	New Feature
1.1.1	2026-02-15	Jason Geanuracos	Added CLAUDE.md to repository with Git repository section	Persisting AI assistant context across sessions	New Feature
1.2.0	2026-02-15	Jason Geanuracos	Added 8 PowerSchool screenshots to artifacts/screenshots/; reworked README with folder navigation and source-of-truth table	Supporting evidence needed; README required structural improvement	New Feature
1.3.0	2026-02-16	Jason Geanuracos	Created docs/ folder; added SOP_v1.md (human-readable Markdown SOP); added KB_Page.md and Quick_Reference.md stubs; added PDF export placeholders	M06 KB module deliverable; separate source from exports	New Feature
1.4.0	2026-02-17	Jason Geanuracos	Added KB_Page.md (8-section KB article) and Quick_Reference.md	M06 KB deliverable — knowledge-	New Feature

			(1-page checklist with decision points and escalation table)	base article and quick reference required	
1.5.0	2026-02-18	Jason Geanuracos	Added <code>checklist.md</code> (10-step procedural checklist with GFM checkboxes and inline decision logic)	M06 KB deliverable — procedural checklist required	New Feature
1.5.1	2026-02-18	Jason Geanuracos	Fixed <code>KB_Page.md</code> Steps 8 and 9 — added save instruction and explicit decision rule to align with <code>Checklist.md</code> and <code>Quick_Reference.md</code>	Cross-artifact consistency gap identified during validation	Bug Fix
1.5.2	2026-02-18	Jason Geanuracos	Added PowerSchool login URL to glossary; updated README module label and docs/ folder tree	Consistency fix; README reflected outdated M05 label	Bug Fix
1.5.3	2026-02-19	Jason Geanuracos	Added "Start Here" section to README with role-based navigation table	Improved discoverability for teachers vs. administrators	Clarification
1.5.4	2026-02-19	Jason Geanuracos	Added <code>artifacts/examples/walkthrough-outline.md</code> (narrated walkthrough with timestamps)	Supporting artifact for narrated process walkthrough deliverable	New Feature
1.6.0	2026-02-20	Jason Geanuracos	Generated all PDF exports (<code>SOP_v1.pdf</code> , <code>KB_Page.pdf</code> , <code>Quick_Reference.pdf</code> , <code>Checklist.pdf</code>); replaced placeholders	PDF exports required for submission; placeholders not sufficient	New Feature
1.6.1	2026-02-20	Jason Geanuracos	Editorial improvements to <code>KB_Page.md</code> — section renames, jargon reduction, link text cleanup	Publish-readiness review; terminology not accessible to all staff	Clarification
1.6.2	2026-02-21	Jason Geanuracos	<code>KB_Page.md</code> — added YAML front matter, Summary section, FAQ section, clickable screenshot links; regenerated PDF	Publish-readiness improvements; FAQ addresses common	Clarification

				teacher questions	
1.6.3	2026-02-21	Jason Geanuracos	Quick_Reference.md — improved decision branch formatting, updated footer to full name and mailto link; regenerated PDF	Publish-readiness improvements; decision logic needed visual clarity	Clarification
1.7.0	2026-02-22	Jason Geanuracos	Created M07-plan.md and analysis/ folder; added workflow-critique-memo.md identifying 6 pain points; started M07 prompt log	M07 workflow analysis module — critique memo required	New Feature
1.7.1	2026-02-23	Jason Geanuracos	Revised critique memo — cut to 5 pain points, corrected class-load figures, resolved secretary role [TBD]; updated all related artifacts; exported PDF	Review identified factual errors and unresolved role definition	Bug Fix
1.7.2	2026-02-24	Jason Geanuracos	Added improvement-backlog-v1.md (9-item OP backlog) and top3-deep-dive.md (5-Whys for OP-01, OP-02, OP-03); exported both as PDFs	M07 deliverable — improvement backlog and root-cause analysis required	New Feature
1.7.3	2026-02-25	Jason Geanuracos	OP renumbering — OP-08 (calendar anchor) → OP-09; new OP-08 added (locked weight template investigation); updated across 4 files	OP-02 deep dive surfaced new countermeasure that warranted its own backlog item	Optimization
1.7.4	2026-02-25	Jason Geanuracos	Backlog expanded with Description, Impact/Success Metric, and Status columns; YAML front matter added for landscape PDF layout; all three analysis PDFs regenerated	Course requirements specified additional backlog columns; table exceeded portrait width	Clarification

1.7.5	2026-03-01	Jason Geanuracos	Fixed "all six" → "all five" in critique memo Executive Summary; regenerated PDF	Drafting artifact from earlier 6-item version not caught in prior review	Bug Fix
1.8.0	2026-03-03	Jason Geanuracos	Created M08-plan.md, measurement/ folder, q1-finalization-export.csv (18-row mock dataset), and measurement-plan.md with Q1 baseline values; started M08 prompt log	M08 measurement module — measurement plan and mock dataset required	New Feature
1.8.1	2026-03-05	Jason Geanuracos	Added baseline-dataset.xlsx (4-sheet Power Query workbook) and power-query-steps.md (7-step documentation with M query); exported measurement plan PDF	M08 deliverable — Power Query workbook and step documentation required	New Feature
1.8.2	2026-03-06	Jason Geanuracos	Generated power-query-steps.pdf; created A08/ submission package with clean-named copies of all M08 deliverables	Submission package required; PDF export for power-query-steps was missing	Bug Fix
1.8.3	2026-03-06	Jason Geanuracos	Added Data Collection Method and Baseline Interpretation sections to measurement plan; fixed typo and sort order errors; regenerated PDF and A08/ copies	User-authored interpretation content; proofread identified factual and formatting errors	Clarification
1.9.0	2026-03-26	Jason Geanuracos	Added governance/ folder — governance plan, redaction & data handling plan, change log table, QA checklist; added governance headers to SOP_v1.md (v1.6), SOP_v1_annotated.md, and diagram source files; assembled A10/ submission package	M10 governance module — governance layer required on top of existing process package	Policy/Governance

For full detail on any version, including file-level changes, see [CHANGELOG.md](#) at the repository root.
